**Call for applications for the Dr. med vet. Dr. med. Ernst von Wnuck Award 2022 for Cardiovascular Research**

The call for applications for the Dr. med. vet. Dr. med. Ernst von Wnuck Award, endowed with 3000 EUR, is aimed at heads of research groups and young scientists working in the field of xenogeneic heart transplantation. The spectrum of relevant work includes basic research, development of suitable donor pigs, preclinical transplantation models, and innovative approaches to clinical translation. Applicants should have relevant outstanding research and demonstrate a scientific focus in their career. Please send your application documents of maximum two pages on the current status of your scientific work, planned own projects in the field as well as five representative publications together with your CV by October 31, 2022 to Prof. Dr. Johannes Seeger, Institute of Anatomy, Histology and Embryology, University of Leipzig, Germany (Seeger@vetmed.uni-leipzig.de).
