

Corrigendum to “Deficiency of leptin receptor in myeloid cells disrupts hypothalamic metabolic circuits and causes body weight increase” [Molecular Metabolism 7 (2018) 155–160]

Y. Gao, A. Vidal-Itriago, I. Milanova, N.L. Korpel, M.J. Kalsbeek, R.Z. Tom, A. Kalsbeek, S.M. Hofmann, C.X. Yi*

In the Materials and Methods session, animal part, we claimed that our leptin receptor flox mouse line was obtained from the Jax lab. However, actually this line was generated by the Chua lab. The Chua lab's leptin receptor flox line is not identical to the leptin

receptor flox mouse line from the Jax lab. The authors apologize for the oversight.
